MBLC Report – Dianne Carty

-Mary Rose Quinn will be joining the MBLC staff as State Aide Coordinator and Government liaison.
-Dianne received a letter from Governor Patrick’s liaison on unaccompanied minors.
-New line item in the MBLC budget, line 9508, for the Massachusetts Center for the Book.
-Signed contract with Collins Center for Management at UMASS Boston to do white paper for state aid program. One goal is how to get a significant increase in State aid. Also to look at the standards.

-Budget: looking to put in place a 3 year plan. The Legislature is looking for this.

Legislative Agenda – It is election year, so the agenda does not need to be done until elections are over. Election priorities are line 9506 and state aid (goal for the latter is $11 million for FY16 – same as 2009 in constant dollars) in FY17 and FY18 will be $13 million.

Intend to do a graphical presentation of the legislative agenda and will point out the need at libraries. Quotes from patrons will be included. Many libraries use state aid for network membership. Hopes to have something ready for October 2, 2014 Board meeting in Carver.

Dianne is working with a National group working digital inclusions. There will be a new National survey. Dianne will distribute information.

1. Discovery Platform Committee met and reviewed vendors who presented. There will be another meeting in a few weeks. A matrix
on vendors will be put together. Question on a single search box vs. a separate one for books, magazines and e-books. This group will likely make a recommendation to do an RFP for a statewide discovery platform.
